Apply—D. Lysak, Standard, Alta.

ESTRAY.

Our Grey Mare, no stable brand, and one Bay Colt, about ten months old, white star on forehead. Owner can have same on paying expenses of this advt.—Howe, Calder, west half of 25-10-10, Bow Island, Alta.

Distribution of Seed Potatoes.

To the Editor of the New Island Review.
Lethbridge, Alta.
Sir,—It has occurred to me that some of your rural subscribers might not be aware that this Station is distributing three pound samples of some of our most promising varieties of potatoes free to those who apply.

Potatoes are a necessary and valuable crop for the district and it is so difficult for farmers to get pure seed of a good variety. A sample like this will give them an opportunity to get started in good seed. Very sincerely,
W. H. Fairchild,
Superintendent.

Board of Trade.

A Regular Meeting of the Board of Trade was held in the I.O.O.F. Hall on Friday, February 27th, with the president, F. J. Henderson, in the chair.

The Minutes of the previous meeting having been adopted, the secretary read communication dealing with the matter of incorporation. At a short discussion it was decided to postpone the matter until the next meeting.

Following the reading of a communication from Wagon's Guide Co., re advertising in time tables, the matter of advertising the Town's resources was freely discussed, and it was ultimately decided that a committee comprising R. G. Jamieson, A. Svensson and R. S. Beattie, secure information regarding the qualities, power, etc., of the natural gas, and obtain from the farmers in the vicinity of the town, statistics relative to the amount of grain grown, cattle and hogs raised, garden produce, etc.

The secretary was instructed to obtain advertising rates from several influential financial journals; also to communicate with the publishers of the Canadian Annual Review requesting them to update statements made in that journal to the effect that the Medicine Hat gas hold is the greatest upon the North American continent, giving them exact information regarding the Bow Island gas field, requesting them to publish the same in their 1914 edition.

The president appointed Messrs. J. W. Reid, J. M. Milroy, and W. P. Cotton as Finance Committee, and Messrs. R. A. S. MacLaren, E. W. Luckhardt and E. E. Willmot as the Membership Committee.

The Secretary was instructed to make application to the Town Council for the balance of the appropriation made by the Council for the Board of Trade.

The secretary tendered his resignation. After a short discussion upon the advisability of appointing a commission to the Board of Trade at an adequate salary it was decided to leave the matter in the hands of the executive.

The meeting then adjourned.

Statement of Receipts and Expenditures of the July First (1913) Celebration.

Receipts.	
To Donations as per list.....	\$110.50
Gate Receipts.....	350.50

Hall Rent.....	2.50
Balance.....	\$22.25
Total	\$529.75

Seed Grain for Homesteaders.

Information has just been supplied relative to applications for seed grain from homesteaders.

Applications can only be received from homesteaders on unimproved land, and who lost their last crop through some calamity. No seed will be allowed for spring breaking, and only sufficient to sow unimproved land now ready for sowing. In the case of an applicant making application for seed on his pre-emption, application questions must pertain to pre-emption only, viz number of acres under cultivation in pre-emption, improvements on pre-emption.

As the amount of seed required this year will be small, it is the intention of the Department to leave the matter in the hands of the local agent, who is to procure in the neighborhood if possible.

Applications for seed grain from this district should be addressed to T. W. Dyer, 2674, Prospery P.O., Bow Island, Alta.

To Encourage Mixed Farming.

Some Good Advice from a Whittier Farmer.

Mr. W. W. Smith, of Whittier, has written the following letter to the Medicine Hat News, and we consider it of sufficient importance and interest as to warrant its reproduction in the Review.

Mr. Smith, by the way, is a prominent patron of the city market of Medicine Hat, and his views, therefore, will possibly carry added weight on that account.

The cold-storage plant is certainly very much needed by the farmers and merchants for the storage of fruits, and products of the farm.

"In regard to mixed farming, I would say it is the only thing for this country. I once heard Prof. Thomas Shaw state in one of his popular farmers' institute lectures that a farmer could make more money in raising hogs in North Dakota than in the corn belt, and that he could prove it."

"In conditions in Alberta are very similar to those in North Dakota. I produced hogs and sold them on the Medicine Hat market last fall for twenty-two dollars which did not come more than five dollars worth of grain, with green feed, or, in other words, five dollars worth of grain, with green feed, if fed right will produce at least twenty dollars worth of pork. I consider that a corn belt farmer would have to hustle if he beat that."

James J. Hill promoted the services of Prof. Shaw to oversee seventy or more demonstration farms along his line of railway through Montana in the year 1912. Now, I think that what would be good for James J. Hill on this railroad and Montana, would be good for Alberta, or at least the Medicine Hat district.

"I consider that the government ought to let the farmers have stock at a low rate of interest, and have every farm, a demonstration farm. They have a man like Prof. Shaw, or some one better if he could be found, to oversee these farms and stock. Such a man with an automobile, could be monthly visits to these farms and carry a large amount of territory. He could show how to raise the different grains, alfalfa, grain, corn,

Wins \$1500 Trophy for Oats.

By winning the \$1500 trophy for the best peck of oats exhibited at the American National Cereals Show three times in five years, J. C. Hill of Lloydminster, Sask., became entitled to permanent possession of the cup.

Mr. Hill has thus secured one of the highest honors which could come to any grain grower in the Continent. The National Cereals Show is the biggest Agricultural Convention held in the United States.

Mr. Hill is an Englishman and came to Canada with the famous Harry Gale, and at the time of his arrival knew practically nothing about farming. After many difficulties, however, incidental to his new life, he is now regarded as one of the most prosperous farmers in the district.

Mr. T. A. Rogers of Lloydminster, who is at present staying in Bow Island, very courteously gave us the above interesting particulars of Mr. Hill's great achievement, and has also left with the Review a sample of the oats which won the \$1500 trophy. There are on exhibition in our office, and we shall be glad to show them to anyone interested.

It is interesting fact, that what Mr. Hill has done in winning the trophy for his district, we have another Englishman, Mr. A. E. Barnes, of the South Country, who has brought prominence to the Bow Island district in the victories he has won with his exhibits of oats, both at the Dry Farming Congress at Lethbridge, where he won the second prize, and also at Tulsa, Oklahoma, where he gained the world prize for oats against the whole world.

how to build and use the silo, how to feed and take care of stock with a profit instead of a loss, and these principles instead of going back to the ranches and Indiana again, as it will soon do. There is not something done to better the condition of things, would soon be like the rest of the farmers in the world.

"Pure bred males could be kept short distance apart, and farmers in a short time could be paying the government back for the stock and cost of overcrossing."

"We have lost many a valuable citizen because he did not know how to raise crops and feed stock properly. Would it not be wise to have a change before we lose any more?"

Judicial Sale of Farm Lands, near Whittier, Alberta.

Pursuant to Judgment and Final Order for Sale there will be offered for sale in front of the Union Bank, at the village of Whittier, in the Province of Alberta, subject to the conditions and reservations expressed in the original Grant from the Crown, with the approval of a Judge or Master of the Supreme Court of Alberta, Judicial District of Edmonton, by D. M. Garrison, Auctioneer, on WEDNESDAY, the 18th day of APRIL, A. D. 1914, at the hour of 2 o'clock in the afternoon, at South-West Quarter of Section Nineteen (19), Township Eleven (11), Range Eight (8), West of the Fourth Meridian, in the Province of Alberta.

Bow Island Realty & Development Co. Ltd.

OPPOSITE THE UNION BANK BUILDINGS.

Bow Island Review

W. P. COTTON, PROPRIETOR.

J. W. Hopkins has been very ill the past week.

S. B. Gerry of Foremost came into town on Thursday.

L. Ferne was a visitor to Macleod over Sunday.

Mr. Haynes, day operator at the C.P.R. depot, is in Calgary this week.

A. W. Cummy and W. A. Johnston of Foremost were in town on Wednesday.

Mrs. E. W. Luckhardt returned on Monday from a visit to friends at Calgary.

Rev. M. L. Wright and T. A. Rogers were visitors to the Hall on Thursday evening.

Paul Audet of Lethbridge was down on Tuesday looking after his business interests here.

Mr. and Mrs. Aho Foster were in town from the Bungalow on Tuesday.

A union mass meeting will be held in the L.O.O.F. hall on Sunday afternoon next at 3 p.m. Everybody invited.

Thos. Stedman of Winnipeg returned last week from Abernethy, Sask., accompanied by his bride.

Harry A. Driggs of Grassy Lake has been appointed Superintendent of the new provincial jail at Fort Saskatchewan.

Mr. and Mrs. Luckhardt of Bow Island, were week-end guests with Mr. and Mrs. G. E. Fleming, Strathcona Court—Lethbridge Herald.

B. L. Jamieson has made arrangements with the Toronto Ladies' Quartette to appear in the L.O.O.F. hall on Thursday, March 29th.

Mrs. T. A. Rogers, who has been visiting with Rev. and Mrs. M. L. Wright, returned on Saturday with her two little girls to Lloydminster.

H. S. Rogers, of the Bow Island Realty & Development Co., is at present visiting Toronto on business connected with the company.

We are pleased to hear that Mrs. A. Swennumson, who has been suffering from a badly sprained foot, is now much better.

There will be special singing in connection with the service of the Methodist Church on Sunday evening next. Everybody welcome.

B. L. Jamieson, our local jeweller, whose store was destroyed in the recent fire, has taken a stand temporarily in L. Ferne's gent's outfitting store on Main Street.

The Monthly Union Mass meeting will be held in the L.O.O.F. hall on Sunday afternoon at 3 p.m. There will be special music and everyone will be welcome.

The Ladies of the Methodist Church will give a bazaar in the L.O.O.F. hall on March 17th. (St. Patrick's Day). Refreshments will be served afternoon and evening.

On February 27th, at the Methodist Parsonage, Bow Island, Julia Jarvis was united in marriage to Joel Murphy, both of Grassy Lake. Rev. M. L. Wright officiated.

The Ladies Aid of the Methodist Church will meet with Mrs. A. Rygg on Thursday, March 12th. All ladies are requested to hand in their donations for the bazaar at this meeting.

J. W. Campbell and A. F. Werts have been appointed delegates, by the Bow Island Rural Municipality, to the Rural Municipalities Convention to be held in Calgary on March 11 and 13.

A letter was received in town last week stating that R. H. Paul of Winnipeg had sustained a broken collar bone and a badly broken shoulder as the result of an accident which occurred to him in an elevator at Chinook, Alta.

J. W. Hopkins is selling by auction on Thursday, March 18, all his live stock, agricultural implements, household furniture, etc. D. M. Garrison, auctioneer. A. F. Werts, clerk.

Real estate is becoming fairly active and many deals have been negotiated during the past week. This summer promises to be a pretty lively season in Bow Island.

It is reported that the C.P.R. is now considering the advisability of letting contracts for the sinking of 20 wells on land which the company owns right in the center of the southern Alberta oil fields.

The marriage took place on Tuesday, March 3rd, at the Methodist Parsonage, Bow Island, of Mary Stedman of Winnipeg to Geo. E. Lawrence of Whittle. The ceremony was performed by the Rev. M. L. Wright.

The Lethbridge board of trade is sending out circulars appealing to all and sundry to cease abbreviating the word "Alberta" in business and private correspondence. Put in the "ber" says the circular, "as it may become a trade-mark of great value in marketing the products of the country."

There was a large congregation at the Methodist Church on Sunday evening last to hear the Rev. E. R. Steinhauer, Indian missionary, whose address was listened to with much appreciation. His singing in his native tongue of Cree, as well as in English, was also much enjoyed. Mr. Steinhauer is the son of an Indian who was educated by a German named Steinhauer, from whom he took his name. He also has a brother, Rev. Robert Steinhauer, B. A., B. D.

Annual Congregational meeting of St. Andrews Presbyterian church was held on Sunday night after the usual service. The various reports presented indicated that the year 1913

was the most prosperous one in the history of the church. The various organizations and especially the Sunday School are in flourishing condition. The latter having doubled its membership during the year. A resolution was passed asking the Presbytery to permit Mr. Steiner to remain as pastor until the end of the half year.

Bow Island has had several interested visitors this week making inquiries in connection with certain industries. One gentleman who visited here has the intention of installing a cold storage plant in Southern Alberta, and he left extremely pleased with Bow Island. Another visitor is connected with a large eastern concern, manufacturing rubber goods, and he states it is the firm's idea to establish a branch in Western Canada. He too, was very favorably impressed with this town. It is expected that a very important announcement will be made soon relative to the above inquiries.

Vote for the By-law ON MONDAY NEXT

And vote for the Progress and Development of Bow Island

Will Leave Main Street.

A deal was negotiated this week between the Citizens' Lumber Co. and F. W. Brown and F. Hurst, whereby the latter transfer property situated immediately south of the track, on Lethbridge Ave., to the Lumber Co. for yard purposes. The Citizens' yard is situated at present on Main Street, but the growth of Bow Island is making this too valuable a site for a lumber yard, and the company has therefore decided to transfer its business south of the track. This will render vacant a valuable site. We understand, however, that parties are already considering the question of building thereon, and a very shanty house store going up. Two of the lots have been purchased by A. F. Brown and two by F. Hurst, three remaining to be disposed of.

Pretty Wedding.

A pretty wedding was solemnized at St. Cyril's Church at seven o'clock on Tuesday evening, when Miss Lillian Weller, of Scottport, England, was united in marriage to Mr. John Burnett of Bow Island. The bride was charmingly dressed in Alice blue silk with white silk vest with Bulgarian trimming, and real lace veil and orange blossoms. Miss Maggie Bell was bridesmaid, and Mr. William Norman supported the groom. Rev. Canon McMillan tied the nuptial knot in the presence of a large number of friends and relatives of the bride and groom. Immediately after the ceremony a sumptuous repast was served at the home of Mrs. Donald, 102 Fourth Avenue North, to which twenty-six guests sat down. Many beautiful gifts were received, conspicuous among which was a handsome lamp presented to the bride by the Sunday school of the First Baptist church—Lethbridge Herald.

The Superintendent of Neglected Children, Parliament Buildings, Edmonton, will be glad to receive applications from farmers and homesteaders for boys. A number of boys are available, ranging in age from twelve to fifteen years. Applications are requested from both Catholic and Protestant families, as there are a number of boys of both denominations. There are also a number of children of both sexes, Catholic and Protestant, ranging in age from one to seven years.

Applications for these children should be addressed to the Superintendent of Neglected Children at Edmonton, when full particulars will be given regarding the children. Foster homes of high standard are required.

BOW ISLAND — ALBERTA

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 16 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency on certain conditions by father, mother, son, daughter, brother or sister.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live on a farm of at least 80 acres solely owned and occupied by him or by the father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$5.00 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry including time required to clear each homesteaded parcel and cultivate 80% acre extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts in each of three years, call rate fifty acres and erect a house worth \$500.00.

W. W. ORRY,

Deputy of the Minister of the Interior.

Bow Island — Alberta

We Are Still at the Top.

The Spring-like weather that is now prevailing naturally turns one's mind to the everlasting question of house-cleaning; and the house wife will be glad to hear of the Bow Island Mercantile Company's new and popular range of Wallpapers. In these, as in other lines, we are right at the top with an altogether new line of patterns.

Space will only allow us to extend to you a cordial invitation to visit our Store and make an examination of our new Wall Papers.

Mary had a Little Lamb

which she did not buy at our store, simply because we do not deal in Live Stock. We did, however, supply Mary with that pretty skirt and waist she is wearing, selected from a new and extensive line of Ladies' and Children's wear. All new goods of the latest patterns, and for quality and wear they cannot be equalled.

'Tis Spring --- and In the Springtime

A Young Man's fancy lightly (and naturally) turns to thoughts of love. To make love, he must wear something better than last year's style and cut. The Bow Island Mercantile Company desires to announce that in its Gent's Furnishings it has everything to make a young man irresistible. New styles and patterns in Ties, Vests, Socks, etc., are being much sought after, and just recently there has been a big rush after our Men's Suits, the quality and price of which must be seen to be appreciated.

Cherry Coulee.

C. Foster, accompanied by Charlie Johnson and Ted Jackson, took a load of logs to Bow Island on Wednesday to the butchers, Fuller and Sun th.

The Cherry Coulee district is making plans on moving the schoolhouse a mile and a half south and a half mile east of its present site, but if they will be able to do so they will know later.

P. Settle took a load of potatoes to Bow Island on Wednesday which he delivered to customers there.

Ben Vanille Haden took a load of grain to Gus Breckman's mill on Thursday to have ground for feed.

For the benefit of those who live out of town, we have arranged a plan by which you can do your banking by mail quite as satisfactorily as if you stood here at our counters. Come in and let us explain the plan—or write for the information.

R. A. S. MAC LAREN, Manager
J. G. CARSON, Manager

The jelly crowd were out again on Friday night enjoying a sleigh ride. Wm. McManis sold his homestead to T. Thorsen on the crop payment plan for \$1,500.

F. Heris called on several farmers in this vicinity on Saturday on important business.

Mr. and Mrs. J. L. Wilson called on Mr. and Mrs. C. Foster on Sunday.

Mr. and Mrs. John Potter were out enjoying a sleigh ride on Sunday afternoon.

Wm. McManis from Winnipeg, called on P. Settle on Monday.

T. Thorsen spent Monday in Bow Island on business.

Foremost News.

P. H. Ringwood returned from Lethbridge last week bringing with him his wife and children. Mr. Ringwood, who is handling the Beaver Lumber Co.'s business here, and who has been in Manitoba for the last three or four years, is very much struck with this western country.

The dance given by A. A. Christenson on Friday last was a decided success.

J. G. Robertson returned on Tuesday from a visit to Calgary.

Great preparations are being made for the big ball scheduled for Old Ireland's day. A great crowd is expected and good music will be furnished.

School commenced at the Buffalo Head school on Monday, March 2nd.

Miss A. Johnson, who has been teaching at the King's Lake school for the last six months, has been engaged as teacher.

The townspeople went for a sleigh ride on Wednesday night and made a call at the home of Mrs. Frankish, where dancing and singing were indulged in until midnight.

Mrs. J. M. Hill and son spent the week-end in town last week.

Meers, Howe and Salmon, proprietors of the post hall and barber shop, have engaged the services of M. Edwards, who will commence work right away behind the barber chair.

A train arrived in town on Monday night. It was expected down on Friday, but owing to the bad storm it was held up for several days.

Mr. Fuller of Bow Island, was in town for a few days and left on Tuesday morning with another carload of logs.

Mrs. L. T. Grady returned on Tuesday from a visit to Lethbridge and Calgary.

Fined \$50.00.

C. H. Nelson of Bow Island, appeared before Inspector Shockhale at the local R.N.W.M.P. barracks on Tuesday at Medicine Hat, charged with practicing dentistry without a license, contrary to the provincial law, and was found guilty and fined \$50 and costs.

Nelson said in his own defence that he had qualified at the Chicago College of dentistry and that he had been practicing in Alberta for some time, but had not yet obtained a license to do so, and thought he might as well be practicing his trade as to wait for the document in question.

The inspector did not consider that this excuse of the defendant in violating the law, and imposed the penalty mentioned above.—Med. Hat News.

Miss P. MacLaren Adopts Stage as Profession.

Miss Patti MacLaren, daughter of Dr. MacLaren, Queen's avenue, who has been prominent for some time in amateur theatricals here, and who is the winner of the Margaret Angell trophy in the Earl Grey theatrical competition, will forsake the amateur ranks and go on the stage.

For some time offers have been made to her, but she has refused, until a particularly flattering proposition was made by Mr. Thomas Torries, the English actor, and she has decided to take up the profession. She will leave for Rochester on Monday next to rehearse, and the company will open in Toronto on March 2.

A number of Londoners will go down to witness the performance. Miss MacLaren is possessed of marked ability and her friends predict for her a brilliant career on the stage. She is very popular, too, and an engaging personality should assist her materially in her career.—Ed.

Miss MacLaren is the sister of R. A. S. MacLaren of Bow Island, to whom it will be remembered, she paid a visit some two years ago. Her Bow Island friends will be very glad indeed to hear of her success.

NOTICE TO
STEAM
ENGINEERS.

NOTICE IS HEREBY GIVEN that examinations will be held at the undermentioned places by E. S. Hodges, a duly appointed Inspector of Steam boilers for the Province of Alberta—Medicine Hat, first Saturday in each month, Court House; Bow Island, March 1st, Myrtle Hotel, (sample room) at 9 o'clock a.m. for the purpose of giving Engineers and Apprentices an opportunity of qualifying for Certificates under the provisions of "The Boiler Act, 1912". Persons not already registered in the Province who may desire application forms can obtain same by applying to the Department, or to the above named Inspector, and each applicant must have properly filled out, and signed, a declaration before a Commissioner or Justice of the Peace before an examination can be granted.

PRACTICAL HEALTH HINT.

PRACTICAL HEALTH HINT.

Flat Foot.
The early pain of flat foot can be quieted by having both sole and heel of the shoe made wedge shaped, with the thick edge on the inner side. That throws the weight of the body on the outer side of the foot. Sometimes the sufferer has to

have a "arch" in the sole of the shoe, but he had better do without it if he can and discard it as soon as the arch ceases to show signs of giving way. Cold douches or alternate cold and hot douches will also strengthen the fibrous structures that normally hold up the arch of the foot.

CHAMBERS OF HORRORS.
Two Famous Tower of London Dungeons to Be Exhibited.
The dungeons of the White tower and the Bloody tower, two of the most interesting parts of the Tower of London, will be thrown open to the public for the first time within the next few months, and the prison's torture chamber will be seen for the first time in all its eerie and mysterious gloom.
In the wall dividing the two dungeons is a large black gate, like a recess in which Guy Fawkes was imprisoned between periods of torture on the rack, and all about the walls are hanging the instruments of torture.

numbered, temple bands, securing
rods and a rack. Only a few yards
away from the well of the Tower in
a dungeon is a small, domelike recess
where the gallant and unfortunate
Walter Raleigh spent ten years of his
life, and, as if by the irony of fate, al-
most overlooking the spot is a model
of Queen Elizabeth, wearing the gor-
geous state robes in which she went to
St. Paul's to celebrate the triumph of
her fleet over the Spanish armada.

Seven hundred Jews once sought refuge from a London mob in the dungeons and spent long days and nights in darkness, huddled together, until they crept out and sought safety elsewhere.

While a good part of the Tower has been open to the public for a long time, still many of the historical parts are always closed.—New York Tribune

OXYGEN FOR THE INSANE

New Treatment That is Said to Yield Remarkable Results.

A new and extraordinary use for oxygen has just been found by Dr. Tonleuse, chief physician of the Villepinte insane asylum. He finds it a most valuable aid in the treatment of mania.

Dr. Tonleuse makes certain that

Dr. Roushou makes certain that the oxygen in the steel cylinders in which he receives it is pure and free from nitrogen; then he fills small glass flasks with it. A rubber bulb enables him to regulate the pressure in the flask, and a rubber tube connects these with a fine hypodermic needle. Through this 250 cubic centimeters of oxygen are injected under the skin.

A physician who has watched the operation and its effects upon patients reporting his observations for *Nature* of Paris, says the results are remarkable among patients in a condition of acute mental confusion, who are always greatly improved and often cured entirely by a few injections. The excited and victims of insomnia become calm and lucid.

The Germ of Smallpox.
The germ of smallpox, a protozoan so infinitesimal that it has passed through the minutest filters and escaped the trained gaze of microscopists.

over decades, has been finally discovered by Dr. Walter Fornet, staff physician at the Kaiser Wilhelm academy. Dr. Fornet claims not only to have discovered the germ, but to be able to propagate it. This means, we are told, that it will henceforth not be necessary to inoculate a calf or cow with smallpox virus in order to obtain lymph for vaccination and control.

gently that a pure culture can be obtained. The lymph won by present methods contains numerous bacteria which must be exterminated before it can be used for vaccination.—New York Press.

The Philosopher's Stone.
Professor Soddy makes the assertion boldly that it is only a question of a

says that, while now we can only work with electricity at 100,000 volts it is only a matter of perfecting the method to be able to work at ten times that voltage, when the baser metals can be changed into the more precious. In other words, electricity, which has brought to its highest efficiency its application, is the real philosopher.

stone, for which the alchemists of the middle ages searched so long.—Dundee Advertiser.

Youngest Church Organist.
Henry Alban Chambers, just appointed organist of the Roman Catholic church of St. Ann's, Leeds, is probably the youngest church organist in the world. He is eleven years old, and

Eight some of his compositions were published. His powers of transposition and improvising are described as remarkable. The late organist at St. Ann's, Mr. Grimshaw, described him as "the young Mozart."—Argosy.
